Roman Korol

roman.korol@rochester.edu
+1 626 219 3728

University of Rochester
Department of Chemistry
Hutchison Hall
Rochester, NY 14620

Current Position

University of Rochester, Rochester, New York

Postdoctoral Fellow since September 2023

Education

California Institute of Technology, Pasadena, California

Ph.D. in Theoretical Chemistry, 2018–2023

University of Toronto, Toronto, Canada

B.Sc. (Honours) in Chemistry with High Distinction, 2014–2018

Fellowships and Awards

Steadman Award	2024
Student Leader Award	2024
Gray-Hill Award Lecture	2023
Patricia Beckman Graduate Fellowship	2018
Michael Rebryk Memorial Scholarship	2018
Ivan Szak Scholarship in Chemistry	2018
St. Michael's College Silver Medal	2018
University of Toronto Excellence Award	2018
St. Michael's College In-Course Scholarship	2018
Canadian Society for Chemistry Silver medal	2018
CQIQC Undergraduate Summer Reaserch Program	2017
University of Toronto Excellence Award	2017
F. E. Beamish Scholarship in Chemistry	2017
Buduchnist Credit Union Scholarship	2017
Ivan Szak Scholarship in Chemistry	2017
Michael Both Award for Outstanding Commitment to Dance	2017
John Melady Memorial Scholarship	2017
C. W. Burton In-Course Scholarship	2017
Gollop Memorial Undergraduate Scholarship in Chemistry	2017
Dean's List Scholar	2017
University of Toronto Excellence Award	2016
Kupcinet-Getz Research Scholarship	2015
University of Toronto Mississauga Honour Roll	2015
Erindale Admission Scholarship	2014
Scholarship of the President of Ukraine *(awarded annually to approximately 250 highest achieving high school students out of over a million)*	2014
Lutsk's student of the year *(awarded annually to the highest achieving high school graduate out of approximately 10,000)*	2014
First Prize at Intel-Eco Ukraine 2014, the national stage of Intel ISEF	2014
Gold medal at the International Ecology Project Olympiad	2013

Presentations and Awards

American Conference on Theoretical Chemistry, Chapel Hill, North Carolina 2024
Poster: "Analog Simulation of Open Quantum Dynamics"

Gray-Hill lecture at the Occidental college, Los Angeles, California. 2023
Award talk: "A window to Earth's past with the help of theoretical chemistry"

Canadian Chemistry Conference and Exhibition, Calgary, Canada 2022
Contributed talk: "Accurate quantum statistics from improved path-integrals in imaginary time"

Molecular Science Mini-meeting, Montreal, Canada 2022
Poster: "Dimension-free ring-polymer molecular dynamics"

ACS Spring meeting, San Diego, California 2022
Poster: "Accurate quantum statistics from improved path-integrals in imaginary time"

Geological and Planetary Sciences seminar at Caltech, Pasadena, California 2022
Invited talk: "D and ^{13}C exchange equilibria using Path-Integral Monte-Carlo"

Berkeley Statistical Mechanics Meeting 2020
Poster: "Cayley modification for strongly stable path-integral molecular dynamics"

CECAM BioMolecular Electronics Conference, Madrid, Spain 2018
Poster: "Principles of Charge Transport in DNA: from extensive simulations to neural networkds"

28th Canadian Symposium on Theoretical and Computational Chemistry, Windsor, Canada 2018
Poster prize: "Charge transport in DNA: From comprehensive simulations to key principles"

100th Canadian Chemistry Conference, Toronto, Canada 2017
Poster prize: "Tunneling to Hopping Crossover in Thermopower of DNA Molecular Junctions"

Chemical Biophysics Symposium, Toronto, Canada 2017
Contributed talk: "DNA Molecular Junctions: Tunneling to Hopping Crossover"

33rd Symposium on Chemical Physics, Waterloo, Canada 2017
Contributed talk: "Probing mechanisms of charge transport in DNA with Landauer-Büttiker formalism"

45th Southern Ontario Undergraduate Student Chemistry Conference, Toronto, Canada 2017
1st prize talk: "Tunneling to Hopping Crossover in DNA & DNA-like molecular junctions"

Community Volunteer Initiatives

Spearheaded and coordinated humanitarian supplies shipment to Ukraine 2022–2023
from Caltech campus and beyond

Volunteer at the Nova Ukraine non-profit, Stanford, California 2021–2023
Website development, established and coordinated partnership with *Teach for Ukraine*

Volunteer at the Teach for Ukraine nonprofit, Kyiv, Ukraine 2021–2022
Recruited and interviewed candidate teachers at the remote interview stage

International student orientation leader 2019, 2020

"Big sibling" mentor for the incoming graduate students at Caltech 2019, 2020

Science outreach program volunteer through Caltech Y 2018–2020

High-school tutoring with CAUSE Tutoring non-profit 2018–2019

University of Toronto Peer Tutoring group tutor 2015–2018

Service

Student Representative at the Chemistry Department Advisory Committee 2016–2017

2nd year representative at the Chemistry student union 2016–2017

Board member of the *Chemistry Connections* student group 2015–2016

Teaching

Course development: Computational chemistry labs, Chem3 at Caltech 2022
Focus on structure-function relations and the dangers of approximations.

High School Teacher, Rotman Arts and Science School, Vaughan, Canada 2020–2022
Academic stream, grade 11 and 12 Chemistry, Grade 10 Science.
Student placed 3rd in Vaughan, top 200 in Canada at the Avogadro chemistry contest

International Chemistry Olympiad Coach
Canadian National Team (4 students) – 2 bronze, 1 silver medals Spring 2018
Ukrainian National team (1 student) – bronze medal Spring 2014

Private tutoring of Chemistry, Physics and Math 2014–2018
High school students: accepted to University college (UK), Columbia University (USA) and others

Chemical Biology summer school, Lutsk, Ukraine Summer 2015
Designed problems and experiments to help high school students master key concepts in chemistry

Peer Review

Physical Review Letters
Physical Review A
Physical Review B (joint review)
Physical Review E
Chemical geology
Physical chemistry chemical physics
Rapid communications in mass spectrometry
ACS Physical Chemistry Au

Summer Schools and Workshops

Condensed Phase Dynamics Workshop at TSRC (Virtual) 2020

Theoretical Chemistry School at TSRC, Telluride, Colorado 2019

Weizmann Institute of Science, Rehovot, Israel 2015
Kupcinet-Getz Scholar at Rubtchinski lab

Employment

High School Teacher, Rotman Arts and Science School, Vaughan, Canada 2020–2022

Research Assistant, Department of Linguistics, University of Toronto 2016–2018
Heritage language variation and change project

Extra curriculars

Rock clibmbing, weightlifting since 2014
Guitar, base since 2012
Ukrainian folk dance since 2004

Languages

Fluent in Ukrainian, English & Russian

Computer Languages

Python, C++, MATLAB, FORTRAN, Mathematica, Bash;
Web development (PHP & django, HTML, CSS, JS)
